COMMENTS:

I protest the coming of a compost in Lee County. The economic fallout would be great. People would be leaving and property values decline. People come to the Country to grow food or retire and enjoy clean air, clean water, and clean food. It will be no more of that. Quality life will be destroyed forever. I say NO to Break It Down LLC. You are the agency of environmental quality. Please preserve that quality of our environment in our Lee County and deny this permit.

Thank you,
