I protest permit #47084. I am concerned about the damage to our animals and wildlife. What happens when the run off comes into my property? Will it poison my animals? Will I be able to eat off my garden? Break It Down has received several complaints, was forced to pay fines. They will run the same operation here. And I saw on TV they had to close a facility already in Travis County and two years later the cleaning job continues and residents complain. Say no to this permit, say no to Break It Down.

Thank you,
