I strongly protest against permit #47084 to Break It Down, LLC because I am concerned about the terrible nauseating odor. Living in a rural area I know the smell of death. It is unbearable. Have you have ever even smelled a dead mouse in your house? I am also concerned about soil and water contamination. We live off the land; our livestock that feed consumers all over America eat off the grass and drink off of our ponds. The risk to poison our food and water supply is unbearable. Please say NO to Break It Down. Please do NOT that happen in our rural county. Too much at risk.

Thank you for the opportunity to comment,
